

HOW LONG BLUES (Eric Clapton)

How long, baby how lone
has the evenung train ring on
but how long, how long, baby how long.

went to the station, in the same hour train
and in heart a heaven aching pain
but how long, how long, baby how long.

I feel disgusted, I feel so bad
making buy the good times that I want give in
but how long, how long, baby how long.

I could see the green grass
on a lovely hill
I see no green bad, on a darling pin
but how long, how long, baby how long

You gonna be sorry, you feel so blue
and you want be there, I declare I want phone you
but how long, how long, baby how long.

S O L O

Don't have no money, on a riding train
I would buy the roast beef, to be with you again
but how long, how long, baby how long.

How long, baby how long, must I keep my,
my watching phone,
how long, how long, baby how long.
